Dear Ms. Walli:

**Re: EB-2012-0365 Dufferin Wind Power Inc. - Application for leave to construct
Transmission Facilities**

We are counsel to Lori Bryenton of Shelburne, Ontario. We are writing to request intervenor status and an oral hearing on behalf of Ms. Bryenton in accordance with the Notice of Application (the "Application") and the Ontario Energy Board's Rules of Practice and Procedure.

Ms. Bryenton is a landowner in the County of Dufferin whose lands are closely proximate to and potentially impacted by the proposed project and who has a number of concerns with respect to the project as set out in the Application.

As the authorized representatives of our client, we would like to receive copies of all evidence filed by the Applicant and any other communications sent in this matter. Please forward these to the attention of Graham Andrews at the address above or via email at gandrews@gillespielaw.ca.

We note that the Ontario Energy Board has ordered that the Application proceed by way of written hearing. We are advised that Ms. Bryenton has neither been adequately consulted nor informed of this application and wishes to have the option of raising those

concerns at an oral hearing and of presenting her position regarding, but not limited to, the potential impact on residences within the proposed project's 120 m setback, the proximity of the substation to residential dwellings and the accuracy of the location of the 230 Kv power line as depicted in the Application.

Ms. Bryenton intends to seek an award of costs for the reasons discussed above.

We look forward to the response of the Ontario Energy Board to this request. If there are any questions arising from this request please do not hesitate to contact us.

Yours very truly,

ERIC K. GILLESPIE
