MicroFit Service Classification		
This classification applies to an electricity generation facility contracted under the Ontario Power Authority’s microFIT program and connected to the distributor’s distribution system. Further servicing details are available in the distributor’s Conditions of Service.		
APPLICATION		
The application of these rates and charges shall be in accordance with the Licence of the Distributor and any Code or Order of the Board, and amendments thereto as approved by the Board, which may be applicable to the administration of this schedule.		
No rates and charges for the distribution of electricity and charges to meet the costs of any work or service done or furnished for the purpose of the distribution of electricity shall be made except as permitted by this schedule, unless required by the Distributor’s Licence or a Code or Order of the Board, and amendments thereto as approved by the Board, or as specified herein.		
Unless specifically noted, this schedule does not contain any charges for the electricity commodity, be it under the Regulated Price Plan, a contract with a retailer or the wholesale market price, as applicable.		
It should be noted that this schedule does not list any charges, assessments or credits that are required by law to be invoiced by a distributor and that are not subject to Board approval, such as the Debt Retirement Charge, the Global Adjustment, the Ontario Clean Energy Benefit and the HST.

According to the Board’s letter addressed to all licensed electricity distributors on September 20, 2012, re: Update to Fixed Monthly Charge for microFIT Generator Service Classification Board File Numbers EB-2009-0326 and EB-2010-0219, the Board determined that distributors shall reflect the updated province-wide fixed monthly charge for all electricity distributors related to the microFIT General Service Classification as \$5.40 per month, effective with the implementation of their 2013 cost of service based or incentive regulation based applications.

Please confirm that Renfrew Hydro’s current Board approved monthly service charge for the microFit General Service Classification is \$5.25 and that the \$5.40 service charge won’t take effect until Renfrew Hydro’s 2013 distribution rates have been approved by the Board. Once confirmed, Board staff will make the necessary update to the model.
