Dear Ms. Walli:

**Re: Vulnerable Energy Consumers Coalition (VECC)**  
**EB-2012-0002**

**Ontario Power Generation Inc.**

With respect to the issues list, we have reviewed and agree with the submissions of AMPCO amending existing issues and adding several additional issues to the issues list.

In addition we anticipate that parties including VECC may possibly make submissions to the effect that the Board should establish new deferral and variance accounts not already proposed by the applicant. We expect that in the normal course consideration of such submissions would fall within the parameters of the existing issue 5, but if we are mistaken in that assumption we would suggest an additional issue to accommodate such submissions.

Thank you.

Yours truly,

Michael Buonaguro  
Counsel for VECC
