Delivery charges are one of four regular items on Residential and General Service customers' electricity bills and vary depending on the amount of electricity consumed. **If the application is approved as applied for, the monthly bill for a Residential customer who consumes 800 kWh per month will increase by about \$2.97. The monthly bill for a General Service customer consuming 2,000 kWh per month and having a monthly demand of less than 50 kW would decrease by about \$7.98.** The proposed changes to the delivery charges are separate from other potential changes to the electricity bills, which are not affected by this application.
