Dear Ms. Walli,

Re: Hydro One Brampton Networks Inc.'s 2013 3rd IRM Decision and Order - Draft Tariff of Rates and Charges - Board File No. EB-2012-0135

Hydro One Brampton Networks Inc. ("HOBNI") has reviewed the draft Tariff of Rates and Charges set out in Appendix A of the Ontario Energy Board ("OEB") Decision and Order (EB-2012-0135) dated December 6, 2012 for completeness and accuracy. Based on the review, HOBNI has identified the following that will require adjustment:

- The billing determinants (Distribution Volumetric Rate, Retail Transmission Rate – Network Service Rate and Retail Transmission Rate – Line and Transformation Connection Service Rate) for the General Service 50 to 699 kW Service Classification should be adjusted to read \$/kW instead of \$/kWh.
- In the Specific Service Charges section under Non-Payment of Account, please change "Disconnect/Reconnect Charge at pole – after hours" to "Disconnect/Reconnect Charge at pole - after regular hours".
- In the Loss Factors section, the last three lines should read:
 - Total Loss Factor – Secondary Metered Customer > 5,000 kW
 - Total Loss Factor – Primary Metered Customer < 5,000 kW
 - Total Loss Factor – Primary Metered Customer > 5,000 kW

If additional information is required, please contact the undersigned.

Sincerely,

A handwritten signature in blue ink that reads "Scott Miller".
