## **DECISION AND ORDER**

**December 13, 2012**

2225249 Ontario Inc. filed an application dated October, 19, 2012 with the Ontario Energy Board under section 60 of the *Ontario Energy Board Act, 1998* for an electricity generation licence as a Standard Offer Program participant.

The Board's Notice of Application and Written Hearing for an electricity generation licence was posted on November 2<sup>nd</sup>, 2012. No parties responded to the Notice of Application and Written Hearing.

After considering the application, I find it to be in the public interest to issue the electricity generation licence under Part V of the Act.

### **IT IS THEREFORE ORDERED THAT:**

The application for an electricity generation licence is granted, on such conditions as are contained in the attached licence. It is also a condition of this order that the

Applicant comply with the terms of the connection agreement for a small embedded generation facility or a mid-sized embedded generation facility as set out in Appendix E to the Distribution System Code.
