

**EB-2012-0439**

**IN THE MATTER OF** the *Ontario Energy Board Act, 1998*, S.O.1998, c.15, Schedule B;

**AND IN THE MATTER OF** an application by Solar Sunbelt GP for an amendment to its electricity generation licence EG-2012-0259.

By delegation, before: Adrian Pye

## **DECISION AND ORDER**

**December 20, 2012**

On November 12, 2012, Solar Sunbelt General Partnership filed an application with the Ontario Energy Board pursuant to section 74 of the *Ontario Energy Board Act, 1998*, for an order of the Board to amend Schedule 1 of its generation licence EG-2012-0259.

The applicant requested that the Board add an additional solar generation facility to the list of licenced generation facilities contained in Schedule 1 of its licence. Solar Sunbelt General Partnership's generation licence is limited to facilities contracted under the OPA's Feed-in Tariff Program. The subject facility is also contracted under the OPA's Feed-in Tariff program.

I have proceeded to decide the application without a hearing pursuant to section 21(4)(b) of the Act since no other parties are adversely affected in a material way by the outcome of the proceeding, and the applicant has consented to disposing of the application without a hearing.

I find that it is in the public interest to grant the requested amendment to Solar Sunbelt GP's electricity generation licence.

**IT IS THEREFORE ORDERED THAT:**

Solar Sunbelt GP's electricity generation licence (EG-2012-0259) is amended to include one additional solar generation facility. The amended licence is attached to this Order.
