**RE: St. Thomas Energy Inc.
Response to Board Staff and VECC Submission on St. Thomas Energy Inc.'s
2013 IRM3 Distribution Rate Application
Board File No. EB-2012-0166**

St. Thomas Energy Inc. ("STEI") has no issues with Board staff and VECC submissions regarding STEI's 2013 Electricity Distribution Rates Application.

STEI requests that the microFit Generator Service Classification service charge be increased from \$5.25 to \$5.40 per the September 20, 2012 update.

STEI's original application and the responses to the initial interrogatories did not include the service charge rate change. Subsequently, on November 22, 2012 STEI emailed the Board Secretary and Kelli Benincasa, Rates Analyst, requesting that Board staff incorporate the updated microFit Generator Service Charge as part of their final submission

Yours truly,

Robert Kent, CGA
