Subject: Observer status EB-2012-0442

Please use this letter as my request as observer status for Varna Wind Inc. - Notice of Leave to Construct Transmission Facilities in Huron County. Board File No. EB-2012-0442

I am a resident of Centennial Road which will be affected by the proposed route. After reading about the process in the local paper on January 2, 2013 I am making my submission for observer status.

I have learned more from this 423 page application document than I have learned in the last year from Next Era.

To this date I still do not know the exact route that they are planning.

I am hoping by observing the OEB process, I can learn more about the Next Era company and their vague intentions.
