Ontario Energy Board  
27th Floor  
2300 Yonge Street  
Toronto, ON M4P 1E4

Attention: Ms. K. Walli, Board Secretary

Dear Ms. Walli:

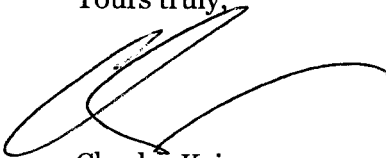

**Re: EB-2011-0140 -- Non-Financial Information Filed by RES Canada  
Transmission L.P. ("RES") in relation to Phase 2 of the East West Tie  
Designation Proceeding**

We are counsel to EWT LP in the above noted proceeding. We are filing this letter with respect to the Board's January 23, 2013 Decision and Order on the exhibits to RES's designation application that were filed in confidence.

In its Decision and Order, the Board determined that certain non-financial information filed in confidence by RES (the "Non-Financial Information") will not be held in confidence. The Board indicated that RES could choose to withdraw this information by advising the Board of that decision by 4:45 p.m. on January 30, 2013, failing which the Board would place the information on the public record.

Given that interrogatories in the above proceeding must also be submitted to the Board on January 30, 2013, parties will not have an opportunity to review and prepare interrogatories on the Non-Financial Information unless RES chooses to voluntarily place this information on the public record prior to that date. To ensure that all parties (and not just their external counsel and consultants) have an equal opportunity to review and respond to all non-confidential information in the proceeding, EWT LP requests that the Board allow parties an additional three days, until February 4, 2013, to submit interrogatories on the Non-Financial Information.

Yours truly,

Charles Keizer
