Dear Ms. Walli:

Re: EB-2012-0107 - Bluewater Power

On behalf of Bluewater Power, I am writing to request an extension of time to file responses to interrogatories until Monday, February 4, 2013. Pursuant to Procedural Order #1, Bluewater Power's interrogatory responses are due today.

Bluewater Power requires this extension because of the significant amount of work required to provide responses to interrogatories where updates for 2012 Actuals have been requested. I am advised that responding to the request to update for 2012 Actuals represented a significant amount of work before interrogatories could be addressed. In most cases, the 2012 data could not be finalized to sufficient detail that the results could be labelled final. In the case of the request to update the load forecast based on 2012 Actuals, a conference call was required with Board Staff and intervenors to determine the most responsive approach since the data requested was not available in the detail requested. We also note that some intervenor interrogatories were received by Bluewater Power after the January 14, 2013 deadline.

Sincerely,

Andrew Taylor
