Our File No. 20130029

Ontario Energy Board
2300 Yonge Street
27th Floor
Toronto, Ontario
M4P 1E4

Attn: Kirsten Walli, Board Secretary

Dear Ms. Walli:

Re: EB-2013-0029 – RES Market Rules Appeal

We are counsel for the School Energy Coalition. We enclose the Notice of Intervention (including request for cost eligibility) of the School Energy Coalition in the above-mentioned proceeding. We ask that the Board accept the intervention notwithstanding that it has been filed late.

We apologize for the late filing. The undersigned was out of the country when this arose, and the decision to intervene required consideration of complex issues respecting school boards, rate impacts, and sustainability energy. We have filed this as quickly as we could, i.e. on the date the undersigned returned.

We note that the Board has issued Procedural Order #2 today. In this context, we advise the Board that the position of the School Energy Coalition is not, going in, aligned either for or against the Applicants. Schools have strong interests on both sides of the issues, and consider that the balancing of those interests should be an important part of our involvement in the process, and how we assist the Board as intervenors.

Jay Shepherd Professional Corporation

SEC of course accepts the record as filed, and does not believe that its late filing will delay the process in any way.

All of which is respectfully submitted.

Yours very truly,

JAY SHEPHERD P. C.

Jay Shepherd
