**RE: Development of a Standby Rates Policy for Load Displacement Generation  
Board File No.EB-2013-0004**

Hi, my name is Bruce Bratt and I've worked in the Engineering Department here at Essex Powerlines Corporation for 4 years now. I currently handle all new generation, Wholesale Market Participants and GenSet applications. If it is not too late, I would like to apply to be a volunteer to participate in the Load Displacement Working Group.

Sincerely,

Bruce Bratt
