Dear Ms. Walli,

ED-2002-0540
RP- 2005-0020 EB-2005-0388 (2006 EDR)
EB-2007-0551
2007 Electricity Distribution Rate Application
Clarification Request – Descriptor Missing
Lakeland Power Distribution Ltd.

Based on the review of the submitted rate application identified above, the following descriptors were not on the version of the 2006 Board approved Tariff of Rates and Charges used in the 2007 EDR Application.

- 2) **Monthly Rates and Charges for Unmetered Scattered Load**
A review of your current 2006 Board approved Tariff of Rates and Charges indicates that the Service Charge should include the descriptor “(per connection)”.
- 3) **Monthly Rates and Charges for Sentinel Lighting**
A review of your current 2006 Board approved Tariff of Rates and Charges indicates that the Service Charge should include the descriptor “(per connection)”.
- 4) **Monthly Rates and Charges for Street Lighting**
A review of your current 2006 Board approved Tariff of Rates and Charges indicates that the Service Charge should include the descriptor “(per connection)”.

In all cases, this was a simple transcription error and should have been identified as “(per connection)” in each of the Service Charge lines for USL, Sentinel Lighting and Street Lighting.

Lakeland Power Distribution Ltd. requests that the omission in description be corrected in the application.

Yours truly,

A handwritten signature in black ink, appearing to read 'Chris Litschko', with a long horizontal flourish extending to the right.

President & CEO
Lakeland Power Distribution Ltd.
