**NOTICE OF APPLICATION AND HEARING FOR AN
ELECTRICITY DISTRIBUTION RATE CHANGE
Chapleau Public Utilities Corporation**

Chapleau Public Utilities Corporation ("Chapleau PUC") has applied to the Ontario Energy Board for permission to change its delivery charges beginning May 1, 2013. The original application was filed on January 17, 2013 and an addendum to the application was filed on January 25, 2013 under section 78 of the *Ontario Energy Board Act, 1998*, S.O. 1998, c.15 (Schedule B) and the Board's guidelines for 3rd Generation Incentive Regulation Mechanism which provides for a mechanistic and formulaic adjustment to distribution rates between cost of service applications. Chapleau PUC's application also includes adjustments to revenue-to-cost ratios.

Delivery charges are one of four regular items on Residential and General Service customers' electricity bills and vary depending on the amount of electricity consumed. **If the application is approved as applied for, the monthly bill for a Residential customer who consumes 800 kWh per month would increase by about \$5.79. The monthly bill for a General Service customer consuming 2,000 kWh per month and having a monthly demand of less than 50 kW would increase by about \$9.02.** The proposed changes to the Delivery charges are separate from other potential changes to the electricity bills, which are not affected by this application.

For additional information on billing items visit the Consumer page of the Board's website at www.ontarioenergyboard.ca.

The Board has assigned the application File No. EB-2012-0114. The Board's decision on this application may have an effect on all of Chapleau PUC's customers.
