ATT: Ms. Alison Cazalet, MPA, Policy Advisor

Dear Ms. Walli and Ms. Cazalet

**EB - 2007 – 0554 ED – 2002-0541**  
**2007 Distribution Rate Application**  
**Midland Power Utility Corporation**

In response to Ms. Cazalet's email of February 28, 2007, Midland Power Utility Corporation provides the following information pertaining to Sheet 3 of the model:

1. Service Classification description for General Service 50 to 4,999kw: The first sentence should read "This classification refers to.....a connection with a connected load equal to or greater than 50kW and less than 5,000kW".
2. Monthly Rates and Charges for Allowances: The transformer allowance ownership should have the unit "\$" rather than \$/kW
3. Monthly Rates and Charges for Allowances: The Primary Metering Allowance should have the dimension "%", rather than \$/kW.
4. Monthly Rates and Charges for Unmetered Scattered Load: The Service Charge should include the descriptor "(per customer)".
5. Monthly Rates and Charges for Sentinel Lighting: The Service Charge for each should include the descriptor "(per connection)".
6. Monthly Rates and Charges for Street Lighting: The Service Charge for each should include the descriptor "(per connection)".

I confirm that all these issues were the result of transcription errors only. Should you have any further questions or comments please do not hesitate to contact the writer.

Yours very truly,

MIDLAND POWER UTILITY CORPORATION
