**Re: Consultation on Time-of-Use Pricing Framework
Board File No. EB-2007-0672**

Dear Ms. Walli:

On April 17, 2008, the Ontario Energy Board (the "Board") issued a Staff Discussion Paper entitled *Regulated Price Plan – Time of Use Prices: Design and Price Setting issues*. In its communication, the Board outlined the process that will be followed during this consultation process and encouraged participation from all interested parties.

Kitchener-Wilmot Hydro Inc. ("KWHI") may provide written comments on Board Staff's Discussion Paper prior to the May 23, 2008 due date. More in-depth analysis of the Discussion Paper is required before that decision can be made; however, KWHI would like to be on the distribution list for all future developments in this consultation. KWHI would not be requesting cost eligibility in this process.

Attached are three (3) paper copies and one (1) electronic copy of this submission (on CD). Should you require any further information or clarification, feel free to contact me at:
