Dear Ms. Walli:

**Re: PUC Distribution Inc. ("PUC")
2013 Cost of Service Rate Application; Board File No. EB-2012-0162**

On January 18, 2013 the Board issued Procedural Order No. 1 in PUC Distribution's 2013 Cost of Service Rate Application. The Board determined that Energy Probe, School Energy Coalition and the Vulnerable Energy Consumers Coalition would be granted intervenor status. They along with Board Staff submitted written interrogatories that PUC was to provide written responses to by February 20, 2013.

In total, approximately 350 questions (including subsets) were posed to PUC. As a result of the volume of the questions and complexity, PUC will be unable to meet the February 20, 2013 deadline as set out by the Board and is requesting an extension until March 22, 2013. Some of the issues faced by PUC include requests for 2012 capital and operating actuals, affiliate information, revised fixed asset continuity schedules, additional information for the new integrated service center/administration building and the additional year deferral of IFRS.

PUC will continue to work diligently to submit the responses as soon as possible.

Sincerely,

Jennifer Uchmanowicz
