Re: Request for Data to Support Empirical Work including Total Cost Benchmarking and an Ontario Total Factor Productivity Study Defining & Measuring Performance of Electricity Distributors (EB-2010-0379)

Dear Ms Walli:

Please find attached Greater Sudbury Hydro Inc's ("GSHI")'s information in response to the Board's empirical work on the electricity distribution sector.

As per instructions by the Board in its February 26th letter, GSHI has completed all applicable sections of the workbook specifically "Tab 2 – Smart Meter Investment Data".

As it relates to HV and LV costs, this cost data is not applicable to GSHI. GSHI notes that it does not own any HV equipment and that its balance in USoA account 1815 is zero. As such GSHI has not completed Tab 2 and 3 of the Excel workbook.

This application is being filed pursuant to the Board's e-Filing Services. Should there be any questions, please do not hesitate to contact me at the number above.

Sincerely,

Tijja Luttrell, CA
Regulatory Affairs Officer
