Dear Ms. Walli:

**Re: K2 Wind Ontario Limited Partnership;
Application for Leave to Construct (the "Application")
Board File Number: EB-2012-0458**

We are writing on behalf of K2 Wind to oppose the filing extension requested by the Residents Group in their March 15, 2013 letter to the Ontario Energy Board (the "**Board**").

The Residents Group has been well aware of the Board's timetable and the March 18th deadline for filing evidence since the Board published Procedural Order No. 1 on February 19, 2013. If the Residents Group thought that the dates in Procedural Order No. 1 were unrealistic, the time to object was when the order was issued, not on the last business day before the March 18th deadline. The Residents Group has had a month to arrange for any necessary affidavit or other evidence, including evidence from individuals outside of Ontario. No new circumstances have come to light that would justify deviating from the existing timetable.

The one week extension requested by the Residents Group will cause prejudice to K2 Wind since it will upset all future deadlines in Procedural Order No. 1 and will delay the issuance of any Leave to Construct Order by the Board.

K2 Wind requests that the timetable outlined by the Board in Procedural Order No. 1 be maintained.

Yours very truly,

(signed) Helen T. Newland
