Dear Ms. Walli:

**RE: EB-2012-0337 – Union Gas Limited  
Large Volume DSM Plan for 2013-2014  
Submission on Cost Claims – Extension Request**

On March 19, 2013, the Ontario Energy Board (the “Board”) issued its Decision and Order on the Union Large Volume DSM Plan for 2013-2014. The Decision requested intervenors eligible for an award of costs to file cost submissions in accordance with the Practice Direction on Cost Awards with the Board Secretary and with Union within 7 days of the date of the Decision and Order. Union was provided the opportunity to make submissions regarding the cost claims within 14 days of the date of the Decision and Order.

Union is writing this letter to request the Board for an extension of one week to April 9, 2013 to file its submission on the cost claims. Union requires additional time to analyze the cost claims since there is a large variance between the claims and considerable information to review. For example, the size of cost claims vary from approximately \$750 to \$196,000.
