**Re: EB-2012-0365 - Dufferin Wind Power Inc.**

---

We are counsel to Conserve Our Rural Environment ("CORE") which has been granted intervenor status in the above matter.

The Applicant, Dufferin Wind Power Inc. ("DWPI") was to file its argument-in-chief on March 25, 2013. On that date, they requested an extension and pursuant to Procedural Order No. 5 were given until March 27, 2013 for such filing. In fact, DWPI did file its argument-in-chief on March 28, 2013; however, at the same time, also filed the second amendment to its application for Leave to Construct (the "Amended Application").

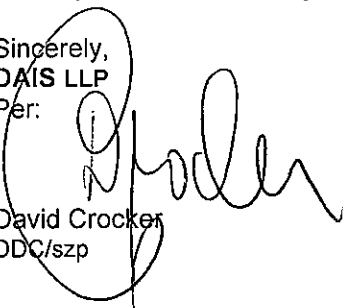

The Amended Application describes seven changes to the transmission line route all in the Township of Melancthon. Although in their covering letter, counsel for DWPI suggests that these changes are not "material", they are of concern to CORE and raise questions which CORE feels need to be pursued.

As a result, we request on behalf of CORE that the Board provide the intervenors an opportunity to pose interrogatories to DWPI which arise from these changes. Depending on the responses, CORE may suggest after considering those responses, that further public consultation by DWPI be required.

In order to properly consider the implications of these changes, discuss them with our client and pose the interrogatories and in recognition of the schedule of counsel for CORE, we request that the intervenors be provided three weeks within which to file the interrogatories. In addition, we request that the time within which the intervenors are to respond to DWPI's argument-in-chief be extended indefinitely. Depending on the results of the interrogatory process, DWPI may wish to re-submit its argument-in-chief.

Thank you in advance for your attention to this matter.

Sincerely,  
**DAIS LLP**
