Re: EB-2012-0365

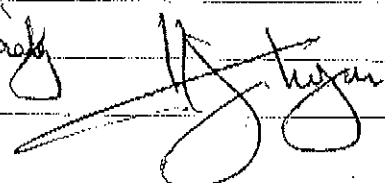

Letter of April 3, 2013 response to my letter to OEB of same date

1. Over the past three months you have effectively communicated with me in a timely manner using Fax and registered mail where appropriate.
2. I doubt that the text of your Argument-in-Chief is so extensive that it precludes transmission by Fax with Amendment #2 following by registered mail.

I apologize if my communication limitations have presented you with an uncomfortable challenge but I sincerely hope the process in which we are both engaged does not exclude the rural residents that are most directly impacted by this project because we all don't have E-mail out in The Townships.

cc. Board Secretary

Sincerely
