**Re: Haldimand County Hydro Inc. (EB-2012-0129)
2013 IRM3 Electricity Distribution Rate Application
Decision and Order issued April 4, 2013**

Dear Ms. Walli:

This letter is with respect to Haldimand County Hydro Inc.'s application (EB-2012-0129) filed with the Ontario Energy Board (the "Board") for an order approving just and reasonable rates for the distribution of electricity and other charges, to be effective May 1, 2013.

Haldimand County Hydro received the Board's Decision and Order (the "Decision") issued April 4, 2013 in this matter, including a draft Tariff of Rates and Charges (Appendix A) and final rate model spreadsheets reflecting the elements of this Decision. In accordance with the Decision, Haldimand County Hydro has assessed the completeness and accuracy of the draft Tariff of Rates and Charges, and submits the following:

1. The amounts for each of the distribution rates, rate riders and rate adders; retail transmission service rates; and other components of the delivery rates for the applicable customer rate classes are correctly stated in accordance with the Decision.

2. With respect to the Residential Service and General Service Less than 50 kW Service Classifications, the *Rate Rider for Recovery of Smart Meter Incremental Revenue Requirement* ("SMIRR") reads as follows:

"Rate Rider for Recovery of Smart Meter Incremental Revenue Requirement – in effect until the effective date of the"

You will notice that there is information missing with respect to the effective date. The SMIRR for each of these two customer rate classifications should read as follows:

*"Rate Rider for Recovery of Smart Meter Incremental Revenue Requirement – in effect until the effective date of the **next cost of service-based rate order**"* (Note: missing information bolded for emphasis only.)

Two hard copies of this submission are now enclosed. An electronic copy in PDF format has been submitted through the Board's *Regulatory Electronic Submission System* ("RESS"). Similarly, an electronic copy in PDF format will be forwarded via email to the only participating intervenor on record, Vulnerable Energy Consumers Coalition ("VECC").

As a result of its review of the Decision, Haldimand County Hydro Inc. respectfully makes this submission for the Board's consideration and issuance of a revised final Tariff of Rates and Charges.

Yours truly,
HALDIMAND COUNTY HYDRO INC.
