Dear Ms. Walli:

**Re: Smart Metering Charge
EB-2012-0100/EB-2012-0211**

Further to my letter of March 5, 2013, the SME is pleased to present a Settlement Proposal negotiated between the SME and the intervenors that participated in the Settlement Conference held on February 19 and 20, 2013.

The parties reached an agreement to settle all issues in EB-2012-0100. Per Procedural Order No. 7, the Settlement Proposal is to be presented to the Board on March 22, 2013. The SME will be present at the oral hearing to address any questions or concerns the Board may have with respect to the Settlement Proposal.

A settlement was also reached in EB-2012-0211 for all issues with one exception. The unsettled issue in EB-2012-0211 could be heard by the Board by way of oral submissions on March 22, 2013. However, Counsel for Board Staff and Counsel for the EDA will not be available that day as both will be in court involving the CANDAS matter. In the circumstances, the parties recommend that the Board consider as one option dealing with the EDA unsettled issue by way of written submissions.

Yours truly,

Patrick Duffy
