**Board File No. EB-2013-0061 --- Ontario Power Generation Inc.
Reliability Must-Run Agreement for the Thunder Bay Generating Station
Energy Probe – Responding Submissions re Issues List**

Pursuant to Procedural Order No. 1, dated April 3, 2013, in which the Board made provision for the filing of submissions on whether any further issue(s) should be added to the issues list for this proceeding, and for the filing of responding submissions, these are the responding submissions of Energy Probe Research Foundation (Energy Probe).

Energy Probe has reviewed the submissions of the Power Workers' Union (PWU), the Canadian Manufacturers & Exporters ("CME") and the NOACC Coalition; Energy Probe supports the CME submission that no additional issues need to be added to the three (3) issues framed by the Board and listed on page 3 of Procedural Order No. 1 dated April 3, 2013.

Should you require additional information, please do not hesitate to contact me.

Yours truly,
