Dear Ms. Walli:

**Re: McLean's Mountain Wind Limited Partnership
Application for Feed-in Tariff Program Licence
Board File Number EB-2013-0015**

As stated in the Board's Decision in this matter dated April 26, 2013, given the "rigour" of the Ontario Power Authority's process for assessing Feed-in Tariff proponents, "the Board will generally grant a generation licence to an applicant if it has received a Notice to Proceed from the OPA." Hence, Board staff does not typically file submissions in such proceedings. However, in the light of the late-filed submission of Wikwemikong Unceded Indian Reserve No. 26 and the subsequent response from McLean's Mountain Wind Limited Partnership seeking additional time to file its reply, and given the substantive issues raised therein, Board staff requests the opportunity to also file a submission in this proceeding.

Board staff requests that it be given until May 17, 2013 to file its submission, and that the due date for McLean's Mountain Wind Limited Partnership's reply submission be extended to May 24, 2013.

Yours truly,
