Attn: Kirsten Walli, Board Secretary

Dear Ms. Walli:

Re: Smart Meter Motion To Review EB-2007-0747/EB-2007-0748

We enclose herewith the claim for costs of the School Energy Coalition in the above mentioned matter, including the affidavit in Form 3, the consultant claim Forms 1 for all those who worked on this matter, together with supporting original dockets broken down by type of activity, and the disbursements summary on Form 2 with attached receipts. Copies have been delivered by email to the applicant as well. If any additional information or documentation is required, please call 416-804-2767 or email (jay.shepherd@shibleyrighton.com) the undersigned or speak to Tanya Watson at 416-214-5261.

Costs Eligibility

The School Energy Coalition ("Schools") is eligible for a cost award because it "primarily represents the interests of consumers (e.g. ratepayers) in relation to regulated services". School boards are one of the largest groups of non-industrial energy consumers in the province, and their energy costs have a direct impact on the education of millions of Ontario children. The formation of the School Energy Coalition ensured that all representatives of the interests of schools participated jointly in OEB proceedings. Schools has been awarded costs in many cases at the OEB in the past. Schools is not ineligible by reason of any of the criteria contained in section 3.05 of the Practice Direction on Cost Awards.

GREAT LAKES
LAW

Conclusion

Schools therefore respectfully requests that it be awarded 100% of its costs as claimed.

Yours very truly,
