Am Tan's Energy Board.

File EB 2013-0078

The application to transfer 30% ownership
in a major transmission line already built
and in use is unwarranted and should not
be allowed.

It sets a precedent for all existing property
used in public good.

Hydro One is proposing a method of transferring
costs to Hydro users and by their submission
providing aid to First Nations
This is not their mandate.

Yours truly
