Attn; Board Secretary

Dear Mdm:

In reply to a Board letter dated April 9. 2013 I forward the following comments etc. as they relate to your letter.

On page # 2 of your letter it states that a Review may be granted for the following reasons, Error in fact, Changes, New facts and Facts not previously presented.

I may be in error but I believe all 4 points were addressed in my letter of March 11, 2013 requesting a Revision of the Decision in EB-2012-0314.

The above letter was in triplicate as well as additional evidence to the evidence already submitted in EB-2012-0314. I felt that the Board already had possession of that material.

Additional information attached to my March 11 letter consisted of;

- a. Three copies of my Head PNG lease
- b. Three copies of pages 8 to 10 out of the Brittain Report
- c. Three copies of pages 2 to 8 out of the Crozier Report
- d. Three copies of page 224 re English Crown Grants by S. L. Mershon

All the above, material now EB-2013-0073, plus all the material in EB-2012-0314 should be in possession of the Board. I did not realize the necessity of re-submitting the EB-2012-0314 material.

I will submit to Union by the due date all the above material, again I can only say, I was not aware of the necessity to do so thinking this was a Board matter.

Respectfully

Achiel Kimpe
