

Burlington Hydro Inc.

EB-2013-0186

BURLINGTON HYDRO INC.'S REPLY SUBMISSION

Draft Accounting Order

May 16, 2013

BACKGROUND

In its Decision on Motion and Order, EB-2013-0186, April 25, 2013, the Board ordered Burlington Hydro Inc. (“Burlington Hydro”) to file a draft Accounting Order with the Board in order to establish sub-accounts of Account 2425, Other Deferred Credits to record the actual amounts recovered relating to the SME charge from Residential, GS<50 kW and GS>50 kW rate classes from July 1, 2012 to April 30, 2013. Board staff was given the opportunity to file any comments on the draft Accounting Order; Burlington Hydro was given the opportunity to subsequently file a response to any comments.

On May 1, 2013, Burlington Hydro filed its proposed draft Accounting Order.

SUBMISSIONS

On May 8, 2013 Board staff filed its comments on the draft Accounting Order; specifically, Board staff recommended two additions:

1. That clarification be added to show that the draft Accounting Order was intended to reflect the Board’s April 25, 2013 Decision on Motion and Order; and
2. That debit and credit accounting entries be added to each of the six deferral sub-accounts contained in Burlington Hydro’s May 1, 2013 draft Accounting Order.

Burlington Hydro has reviewed the comments filed by Board staff and, in particular, the additions recommended. Burlington Hydro considers these changes to be helpful and fully accepts them. Burlington Hydro has revised the originally-filed draft Accounting Order and has attached the revision as Appendix A.

~ All of which is respectfully submitted ~
