

ONTARIO ENERGY BOARD NOTICE TO CUSTOMERS OF HYDRO ONE NETWORKS INC.

Hydro One Networks Inc. has applied to raise its electricity distribution rates.

Learn more. Have your say.

Hydro One Networks Inc. has applied to the Ontario Energy Board to increase the amount it charges by about \$0.97 each month for the typical residential customer beginning in January 2014. Other customers, including businesses, may be affected as well.

Hydro One applied under the Board's guidelines for 3rd Generation Incentive Regulation Mechanism which provides for a mechanistic and formulaic adjustment to distribution rates between cost of service applications. Hydro One has also requested a Smart Grid Rate Rider to recover \$29.3 million in costs for their Smart Grid Program, which will, if approved, increase a typical residential bill by \$1.13 per month until December 31, 2014 and has also requested a change to its Retail Transmission Service rates.

THE ONTARIO ENERGY BOARD IS HOLDING A PUBLIC HEARING

The Ontario Energy Board (OEB) will hold a public hearing to consider Hydro One's request. We will question the company on its case for a rate increase. We will also hear arguments from individuals and from groups that represent Hydro One customers. At the end of this hearing, the OEB will decide what, if any, increase will be allowed.

Distributors typically apply for a full review of their rates every four or five years. Any rate changes for the years in between are automatically tied to inflation (and other factors intended to promote efficiency).

The OEB is an independent and impartial public agency. We make decisions that serve the public interest. Our goal is to promote a financially viable and efficient energy sector that provides you with reliable energy services at a reasonable cost.

BE INFORMED AND HAVE YOUR SAY

You have the right to information regarding this application and to be involved in the process. You can:
