#### **PROCEDURAL ORDER NO. 4**

**May 29, 2013**

Bornish Wind, LP, Kerwood Wind, Inc. and Jericho Wind, Inc. (the “Co-owners”) filed an application with the Ontario Energy Board (the “Board”), dated February 8, 2013, under sections 92, 97 and 101 of the *Ontario Energy Board Act, 1998*, S.O. 1998, c.15, (Schedule B) (the “Act”). The Co-owners have applied for an order of the Board granting leave to construct an electricity transmission line and related facilities. The Board assigned file number EB-2013-0040 to this application. A separate application under sections 92, 97 and 101 of the Act was filed by Kerwood Wind, Inc. (“Kerwood”) on February 8, 2013. Kerwood has applied for an order of the Board granting leave to construct an electricity transmission line and related facilities. The Board assigned file number EB-2013-0041 to this application. In the interest of efficiency, the Board combined the EB-2013-0040 and EB-2013-0041 applications pursuant to the Board’s power under section 21(5) of the Act.

## Interrogatory Responses

On May 23, 2013, the Co-owners and Kerwood (the “Applicants”) filed responses to the interrogatories of Board staff and the intervenors. The Applicants requested confidential treatment in accordance with the Board’s *Practice Direction on Confidential Filings* (the “Practice Direction”) for certain information that was requested in two Board staff interrogatories. The Applicants have filed paper copies of these interrogatory responses.

Specifically the request for confidential treatment relates to the following:

- (i) The appendix to the response to Board staff interrogatory #19(b) which consists of a copy of the Applicants’ Connection and Cost Recovery Agreement with Hydro One Networks Inc., the terms of which specify that the agreement itself comprises confidential information; and,
- (ii) The response to Board staff interrogatory #21 which includes confidential and commercially sensitive information relating to the arrangements between the Applicants and Suncor Energy Products Inc.

As an interim measure, the Board will allow any counsel or consultant for the intervenors who wish to review the confidential material, to do so after signing the Board’s Declaration and Undertaking (which can be found at Appendix C of the Practice Direction), and filing it with the Board and serving it on the Applicants.

Parties who wish to make submissions on whether or not the Board should treat the material as confidential may make submissions on the matter in accordance with the steps below. If the Board ultimately decides that the document(s) should not be afforded confidential treatment, the document(s) will be placed on the public record unless, within a period of five business days from the issuance of the Board Decision on Confidentiality, and in accordance with section 5.1.12 of the Practice Direction, the Applicants request that the information be withdrawn.

## Filing of Evidence

In Procedural Order No. 1, issued on April 15, 2013, the Board made provision for Board staff and intervenors to file evidence on May 28, 2013. The filing date for evidence was subsequently amended to May 30, 2013 in Procedural Order No. 3, issued on May 22, 2013.

In correspondence filed on May 27, 2013, the Corporation of the County of Middlesex (the "County") requested an extension to June 3, 2013 to file evidence. The County stated that the interrogatory responses contained information which the County was not previously aware of and that there was insufficient time to consider the information and obtain legal advice. To assist the Board, the County requested consent of other parties to the proceeding. The Applicants and three of the six intervenors – the Municipality of North Middlesex, the Independent Electricity System Operator and the Middlesex-Lambton Wind Action Group Inc. – consented to the request.

The Board grants the extension requested by the County and hereby cancels the May 30, 2013 filing date established in Procedural Order No. 3. The Board has also amended the filing dates for the subsequent procedural steps.

The Board considers it necessary to make provision for the following matters related to this proceeding. The Board may issue further procedural orders from time to time.
