Dear Ms. Bisset and Mr. Myers:

**Re: Dufferin Wind Power Inc. ("DWPI")
Application for Leave to Construct Transmission Facilities
Request by Conserve Our Rural Environment ("CORE") to Amend the
Evidentiary Record
Board File No. EB-2012-0365**

By letter dated May 21, 2013, from Ms. Bisset, CORE has requested that new information be added to the record of this proceeding. The information, which was attached to the letter, relates to a legal proceeding involving certain landowners and DWPI, in relation to the DWPI wind generation project. CORE claims that this information "constitutes a material change to the evidence already before the Board." Mr. Myers, on behalf of DWPI, provided a responding letter on May 24, 2013, objecting to the request.

The Board has determined that the information will not be entered into the public record of this proceeding. The information pertains to untested allegations regarding landowner

arrangements for the wind generation project, not the transmission project. Therefore, the information is not relevant to this proceeding and does not represent a material change to the evidence before the Board. The Board hereby denies CORE's request to amend the evidentiary record.

Yours truly,

Original Signed By

Kirsten Walli
Board Secretary
