Subject: RE: EB-2013-0141

Hello Mr. Doust,

I am writing to acknowledge Hydro One Networks' receipt of your June 1, 2013 email addressed to the Ontario Energy Board ("OEB") with comments on Hydro One Networks' 2014 distribution rates application.

The installation of Smart Meters in Ontario is a provincially mandated program and the Smart Grid program will allow for improved outage management. This application does request additional funding for Smart Grid.

The OEB's hearing process, which was outlined in the Notice published in the newspapers, does provide you with opportunities to present your comments and concerns to the OEB by filing a letter, which will be considered during the hearing.

If you need more information, you can visit the OEB's website at www.ontarioenergyboard.ca or call the OEB's Consumer Relations Centre at 1-877-632-2727.

Regards,

Jamie Waller
