Dear Ms. Walli:

**Re: Application by Independent Electricity System Operator (“IESO”) for Licence
Renewal
Board File No.: EB-2013-0066
Extension Request for Reply Submission**

Board Staff filed a submission on May 28, 2013 recommending a number of new licence conditions be added to the IESO’s licence, none of which had been anticipated by the IESO. The proposed licence conditions are detailed and deal with complex issues. The IESO is requesting additional time to ensure we are able to fully address Board Staff’s recommendations in our reply submission.

Currently, the IESO’s reply submission is due June 11. The IESO requests that this date be extended ten days to Friday, June 21, 2013. The IESO notes that as its current licence is valid to July 30, 2013, the additional time requested should still allow adequate time for the Board to review the record prior to issuing its decision on our licence application.

Yours truly,
