Dear Ms. Walli:

Re: EB-2013-0215 July 1, 2013 QRAM Application – Reply Submission

On June 6, 2013 Union Gas Limited (“Union”) filed its July 1, 2013 QRAM application.

The Canadian Manufacturers & Exporters (“CME”) and the Industrial Gas Users Association (“IGUA”) submitted letters to the Board on Union’s July 1, 2013 QRAM application. CME and IGUA both noted that Union properly followed the QRAM methodology and have no objection to approval of Union's application.

Union received no other comments.

Union requests that the Board approve its July 1, 2013 QRAM application as filed.

If you have any questions on this matter, please contact me at (519) 436-5476.

Yours truly,
