**Bornish Wind, LP, Kerwood Wind, Inc. and Jericho Wind, Inc. (the “Co-owners”)**  
**and Kerwood Wind, Inc. (“Kerwood”) (together, the “Applicants”)**  
**Applications for Leave to Construct**  
**EB-2013-0040 and EB-2013-0041**  
**June 17, 2013**

**Interrogatory 1**

**Reference**

“Submissions” of the Intervenor Group, dated June 3, 2013, pp. 1-4.

**Preamble**

The referenced materials are said to be in relation to a resident on Elginfield Road near Sylvan.

**Question/Request**

- (a) Please confirm whether the resident’s property, which is the subject of the referenced materials, is situated within or adjacent to either of the transmission line routes being proposed in the present applications.

**Interrogatory 2**

**Reference**

“Submissions” of the Intervenor Group, dated June 3, 2013, pp. 7-8.

**Preamble**

The Intervenor Group states that the proposed transmission line can potentially blow 30 meters to the side.

**Question/Request**

- (a) Please describe the technical basis for the statement that the proposed transmission line will be able to blow 30 meters to the side and include the relevant calculations.
