

**ONTARIO ENERGY BOARD**  
**Board File No. EB-2013-0185**

To whom it may concern:

We are requesting intervenor status for the application for leave to construct.

We own property on the proposed transmission route on Road 183.

Due to the tight time restraint, we can not fully predict the extent of our participation at this time.

We were directed by the OEB literature to state that we seek costs from the Applicant pursuant to sections 3.03(b) and (c), respectively, of the Ontario Energy Board's practice direction on costs.

Thank You
