to
Natural Resource Gas Limited
Date: July 8, 2013

1. Ref: E1.1 Proposed Distribution Rates, Page 12 of 30

Natural Resource Gas Limited (“NRG”) has provided the proposed distribution tariffs. In case of Rate 5, Interruptible Peaking Contract Rate, NRG has provided a rate of 7.0069 cents per m³ as a placeholder rate for average application. Please explain the meaning of placeholder rate. Also, please provide the range of the proposed distribution rate for this rate class.
