TRANSCANADA PIPELINES LIMITED
INTERROGATORIES TO GAZ MÉTRO LIMITED PARTNERSHIP

TransCanada has the following interrogatories for Gaz Metro Limited Partnership (“GMLP”) regarding its evidence filed on June 28, 2013, in the above-noted proceeding (Exhibit L.EGD.SCGM).

Preamble: GMLP states on page 9 of 16 that “potential gas supply savings would be achieved by buying at the Dawn Hub ranging from \$88 M and \$120 M based on TransCanada’s current and proposed tolls.”

1. Please provide the detailed calculations and assumptions used in arriving at the \$88 - \$120 M savings including TransCanada toll assumptions and unit gas cost assumption at each purchase point.
2. If the calculations in 1. above do not use the TransCanada tolls approved by the NEB for July 01, 2013 , please update the calculations to reflect those tolls.
3. Please perform the same calculations using the gas cost assumptions used by Union in EB-2013-0074 Schedule 11-3. Again please provide all details supporting the calculations.
