Subject: Amendment To OEB License EG-2003-0103

Dear Kirsten Walli - Board Secretary,

This letter is to inform you that Northland Power Inc. (EG-2003-0103) is the direct owner of Northland Power Solar Burks Falls West L.P., Northland Power Solar Glendale L.P., and Northland Power Solar North Burgess L.P. all three of which are LDC connected solar ground mount facilities. These three facilities have all made Generator (owner) License Applications to the OEB (EB-2012-0471, EB-2012-0472, and EB-2012-0473).

As well, this letter is to inform you that Northland Power Inc. (EG-2003-0103) is a 50% owner of McLean's Mountain Wind Limited Partnership. This directly connected wind facility has also made a Generator (owner) License Application to the OEB (EB-2013-0015).

Northland Power Inc. (OEB Generator License EG-2003-0103) will be the operator of the above four facilities. As a result, Northland Power Inc. (OEB Generator License EG-2003-0103) wishes to amend its license as per the guidance received from the OEB's License Applications Department. Specifically, license holder EG-2003-0103 which currently is (and will continue to be) the operator of ten generation facilities, will also be the operator of the four additional generation facilities mentioned above. As a result, this should be reflected in the Schedule 1 of EG-2003-0103.

We request that the Board dispose of this matter without a hearing, pursuant to Section 21 (4) b of the Ontario Energy Board Act as no other parties will be affected by the outcome of the proceeding and hence we consent to dispose of the matter without a hearing.

As a result of this information, please amend OEB Generator License EG-2003-0103 accordingly.

Yours Truly,

Sushil Samant
Northland Power Inc.
