**References: Exhibit B, Tab 4, pp 3-4
Exhibit B, Tab 4, Schedule 1**

The referenced pages state:

"The total rate class impacts associated with both Union's proposal and the alternative treatment are provided in Schedule 1. Column (e) shows the difference between the two treatments. Where there is a positive number in column (e), the rate class benefits more from Union's proposal than the alternative treatment. Where there is a negative number in column (e), the rate class benefits more from the alternative treatment than Union's proposal."

- a) Please confirm that the "alternative treatment" referred to above is the accounting treatment of FTRAM revenues consistent with the Board's EB-2012-0087 Decision. If unable to so confirm, please explain fully.
- b) With respect to the referenced schedule, please confirm that under Union's proposal (as compared to the "alternative"), all sales service customers in the South (M1, M2, M4, M5, and M10) and all sales service customers in the North (Rate 01, 10, 20 sales service and bundled DP, and 25) are worse off. If unable to so confirm, please explain fully.
