Dear Mr. Barrass:

**Re: Application for an Order pursuant to section 29 of the *Ontario Energy Board Act, 1999*
Board File Number EB-2013-0234**

The Board is in receipt of the above noted application from Toronto Hydro-Electric System Limited ("THESL").

The Board has reviewed the application. Before proceeding with the application, the Board requires further evidence on the impact of the proposal. Specifically, the Board requires an explanation of the impact on ratepayers, including details of how THESL proposes to account for the costs and revenues of wireless attachments if the application is granted.

The Board expects the supplemental evidence to be filed with the Board Secretary on or before July 26, 2013.

Yours truly,
