**DELIVERED BY COURIER**

Ms. Kirsten Walli  
Board Secretary  
Ontario Energy Board  
P.O. Box 2319, 27th Floor  
2300 Yonge Street  
Toronto, ON M4P 1E4

Dear Ms. Walli:

**Re: Dufferin Wind Power Inc.  
Application for an Order Granting Leave to Construct  
Cost Claim of Conserve Our Rural Environmental ("CORE")  
Board File No. EB-2012-0365**

---

Enclosed please find CORE's cost claim in the above proceeding which we ask that the Board please accept.

In explanation of what we have done, there are two different pieces of work we are doing for this client which involve Dufferin Wind Power Inc.; one has to do with the OEB leave to construct application and the other is concerned with an appeal of an REA. We have blacked out the parts of these invoices which deal with the REA appeal and for which we are not claiming costs.

You will also note that these invoices represent the rate at which we are billing the client. We are, of course, not seeking that rate in this claim. Our costs claim is based on the OEB tariff.

If you have any questions, please do not hesitate to contact me.

Sincerely,  
**DAVIS LLP**  
Per,

David Crocker

Ontario Energy Board  
COST CLAIM FOR HEARINGS

Affidavit and Summary of Fees and Disbursements

This form should be used by a party to a hearing before the Board to identify the fees and disbursements that form the party's cost claim. Paper and electronic copies of this form and itemized receipts must be filed with the Board and served on one or more other parties as directed by the Board in the applicable Board order. Please ensure all required fields are filled in and the Affidavit portion is signed and sworn or affirmed.

Instructions

- Required data input is indicated by yellow-shaded fields. Formulas are present in the document to assist with the calculation of the cost claim.
- All claims must be in Canadian dollars. If applicable, state exchange rate and country of initial currency.  
Rate: \_\_\_\_\_ Country: Canada
- A separate "Detail of Fees and Disbursements Being Claimed" (comprising a "Statement of Fees Being Claimed" and a "Statement of Disbursements Being Claimed") is required for each consultant or lawyer/articling student/paralegal. However, only one "Summary of Fees and Disbursements" covering the whole of the party's cost claim should be provided.
- The cost claim must be supported by a completed Affidavit signed by a representative of the party.
- A CV for each consultant must be attached unless, for a given consultant, a CV has been provided to the Board in another process within the last 24 months.
- Except as provided in section 7.03 of the Practice Direction on Cost Awards, itemized receipts must be provided.

Affidavit

I, Jane Pepino, of the City/Town of Toronto  
in the Province/State of Ontario, swear or affirm that:

1. I am a representative of the above-noted party (the "Party") and as such have knowledge of the matters attested to herein.
2. I have examined all of the documentation in support of this cost claim, including the attached "Summary of Fees and Disbursements Being Claimed", "Statement(s) of Fees Being Claimed" and "Statement(s) of Disbursements Being Claimed".
3. The attached "Summary of Fees and Disbursements Being Claimed", "Statement(s) of Fees Being Claimed" and "Statement(s) of Disbursements Being Claimed" include only costs incurred and time spent directly for the purposes of the Party's participation in the Ontario Energy Board process referred to above.
4. This cost claim does not include any costs for work done, or time spent, by a person that is an employee or officer of the Party as described in sections 6.05 and 6.09 of the Board's Practice Direction on Cost Awards.

**Laura Bisset**

Associate, Toronto

Laura Bisset is an associate in the Davis LLP Toronto office. She is a member of Davis LLP's Municipal, Planning and Environmental Law Group, practising primarily in the areas of administrative and regulatory law, municipal and land use planning law, and environmental law.

Laura appears regularly in front of decision-makers who consider land use matters, including municipal councils, the Ontario Municipal Board, the Environmental Review Tribunal, and all levels of Court in Ontario.

Laura provides advice related to development approvals and land use planning policy, including Provincial policy conformity exercises, Official Plan Amendments, Zoning By-law Amendments, Draft Plans of Subdivision, Site Plans, minor variances, consents, brownfield remediation, and environmental assessments.

A significant part of Laura's practice involves advising clients with respect to aggregate licensing. She advises municipalities and residents groups in the development of aggregate policies and over the course of their participation in the aggregate approvals process. In the course of undertaking this work, Laura has had the opportunity to deal with complex land use planning policy, environmental, and infrastructure issues.

Laura attended Osgoode Hall Law School, where she received the Osgoode Hall Law School Upper Year Award of Excellence, and ranked among the top ten students in her class upon her graduation in 2004. Laura articulated in the Toronto office of Davis LLP in 2004-2005, and returned as an associate upon her call to the bar in July 2005.

### Chris Barnett

Partner, Toronto

Chris Barnett is a partner at Davis LLP and practises in the areas of administrative and regulatory law, with a focus on environmental, municipal, and planning advice and approvals.

He specializes in providing clients in both the public and private sectors with strategic advice on co-ordinating the various levels of approvals required for complex projects.

Chris has expertise in advising public-sector clients with respect to aggregate resource policies and applications, as well as advising large landowner groups on environmental assessment processes and approvals and the implications of the provincial Places to Grow plan.

Chris is the head of the Toronto office Municipal and Land Use Planning practice, which has been annually ranked as "Repeatedly Recommended" for land use planning work in the *Canadian Legal Expert Directory* since 2008.

Chris appears regularly before the Ontario Municipal Board, and has appeared before all levels of courts in Ontario. His practice has included some of the recent leading cases on the jurisdiction of the Ontario Municipal Board and the application of provincial housing and environmental policies.

He also practises in the area of general civil litigation.

### Andrew Lord

Associate, Toronto

Andrew Lord is a corporate/commercial associate in Davis LLP's Toronto office. With a background in engineering and business consulting, Andrew is able to provide legal advice that is tailored to his client's technical and business needs. He regularly advises clients on a broad variety of corporate matters, including financings, corporate governance matters, and the negotiation and drafting of complex commercial agreements. Andrew works with clients in a broad range of industries and has particular experience in the power generation and IT sectors.

Andrew has played a significant role in the following deals:

- financing for the construction of 20 solar fields (aggregate 165 MW) across Ontario;
- financing for the acquisition of a 100 MW portfolio of solar fields in Ontario;
- acquisition by an international client of an equity interest in a utility-scale wind farm in Ontario;
- due diligence in respect of the acquisition of gas-fired generation assets in Ontario, Alberta and British Columbia and the development of co-generation and district heating projects in Ontario and Northwest Territories;
- establishment of a Regional Innovation Centre within the Ontario Network of Excellence;
- acquisition of control of Canadian publishing business;
- acquisition of specialty paints and coatings business.

Andrew provides both regulatory and commercial advice to clients who want to participate in Ontario's dynamic electricity sector. He has helped many clients navigate the Ontario Power Authority's Feed-in Tariff (FIT) program. He has appeared before the Ontario Energy Board in utility rate hearings.

With an engineering background, Andrew enjoys helping clients in technical industries negotiate winning deals to grow their businesses. His contract negotiation experience includes: solar rooftop leases; engineering, procurement and construction (EPC) and operations & maintenance (O&M) agreements for rooftop and ground-mounted solar projects; master services, software and equipment supply agreements between IT suppliers and customers; and a variety of other business-to-business agreements.

Andrew works with a number of fast-growing, innovative clients. He has assisted them with unanimous shareholders agreements and other governance documents and with a number of private financings and asset/share transactions.

Andrew joined Davis LLP in 2006 as a student and subsequently articulated with the firm. He returned as an associate following his call to the bar in 2008. Prior to becoming a lawyer, Andrew provided procurement and marketing consulting to clients in the telecom and banking sectors. Andrew has also worked as a business analyst for an e-commerce portal and as a product development supervisor for a sourcing company in Hong Kong.

Andrew earned his Bachelor of Science in Mechanical Engineering in 1999 and his LL.B. in 2007, both from Queen's University.
