Subject: Amendment To OEB License EG-2003-0103

Dear Kirsten Walli - Board Secretary,

This letter is to inform you again that Northland Power Inc. (EG-2003-0103) is a 50% owner of McLean's Mountain Wind Limited Partnership. McLean's Mountain Wind Limited Partnership is a directly connected wind facility that has received a Generator (owner) License from the OEB (EG-2013-0015).

Northland Power Inc. (OEB Generator License EG-2003-0103) will be the operator of the above facility. As a result, Northland Power Inc. (OEB Generator License EG-2003-0103) wishes to amend its license as per the guidance received from the OEB's License Applications Department. Specifically, license holder EG-2003-0103 which currently is (and will continue to be) the operator of thirteen generation facilities, will also be the operator of the McLean's Mountain Wind Limited Partnership facility (EG-2013-0015) mentioned above. As a result, this should be reflected in the Schedule 1 of EG-2003-0103.

Notice of this activity was originally sent to the OEB on February 19, 2013.

We request that the Board dispose of this matter without a hearing, pursuant to Section 21 (4) b of the Ontario Energy Board Act as no other parties will be affected by the outcome of the proceeding and hence we consent to dispose of the matter without a hearing.

As a result of this information, please amend OEB Generator License EG-2003-0103 accordingly.

Yours Truly,

Sushil Samant
