This will acknowledge receipt of your letter dated July 5, 2013, in which you posed additional interrogatories on the Applicants' responses to your original interrogatories in relation to the above referenced applications.

The process for this proceeding was set out in Procedural Order No. 1, which did not include a provision for supplementary interrogatories.

The Applicants' submission is that the additional interrogatories that you have posed are restatements of issues previously raised and that the original interrogatories have been fully answered<sup>1</sup>.

---

<sup>1</sup> See last paragraph of the applicants' cover letter to their submission dated July 8, 2013

The Board notes that the posing of the additional questions is a departure from the procedural arrangement that has been put in place to provide parties with a common understanding of their procedural opportunities and obligations. Furthermore, the Board finds that the responses provided by the Applicants to the original interrogatories provide sufficient information upon which to base any arguments you may have and make a submission. The Board therefore does not consider it necessary to compel the applicants to provide any additional responses.

The Board wishes to remind you that submissions on the applications are due to be filed with the Board on or before July 18, 2013 pursuant to Procedural Order No.1

Please direct any questions relating to the Applications to Gona Jaff, Project Advisor at 416-440-7613 or e-mail, [Gona.Jaff@ontarioenergyboard.ca](mailto:Gona.Jaff@ontarioenergyboard.ca).

Yours truly,
