Toronto ON M4P 1E4

Attention: Ms. Kirsten Walli, Board Secretary

Dear Ms. Walli

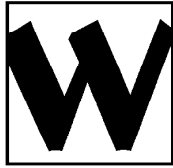

Re: Application by Ontario Power Generation (OPG) for approval of a Reliability Must-Run Agreement for the Thunder Bay Generating Station between the OPG and the Independent Electricity Systems Operator (IESO) – EB-2013-0061

We are solicitors representing the Northwestern Ontario Associated Chamber of Commerce (NOACC), The Corporation of the City of Thunder Bay (the "City"), the Northwestern Ontario Municipal Association ("NOMA"), and Common Voice Northwest (CVNW) (hereinafter referred to as the "NOACC Coalition"), in the above noted proceeding. Pursuant to the Board's Decision and Order dated July 25, 2013 we are pleased to file with the Ontario Energy Board NOACC's cost claim prepared according to section 10 of the Board's Practice Directions on Cost Awards.

The Board's Decision and Order dated July 25, 2013 provides NOACC the opportunity to seek costs in relation to the OPG's application for approval of a Reliability Must Run Agreement for the Thunder Bay Generating Station. NOACC's time and disbursement for this cost claim predominantly relate to the preparation and filing of Comments in relation to the Issues List on April 24, 2013, Interrogatories on April 29, 2013, Submissions on June 7, 2013, and the review and following of emails and position statements of the OPG, the IESO and other intervenors.

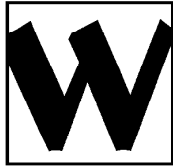

Suite 201
1001 William Street
Thunder Bay, ON P7B 6M1

Phone: (807) 623-1111
Fax: (807) 623-4947
Toll-free: 1-866-WEILERS
Internet: www.weilers.ca

In determining the amount of costs awarded to NOACC we ask the Board to consider:

1. NOACC has, and will continue to provide comments, questions and submissions in relation to not only issues related to energy but also to environmental and other social imperatives, including but not limited to social imperatives that are peculiar to the geographical, economic and commercial needs of the Northwest Region. NOACC will continue to be a proponent of coordinated, comprehensive planning, development and support of electricity infrastructure and policy changes in the Northwest as a Region.
2. NOACC is careful to keep attendances by additional counsel and consultants at a minimum.
3. NOACC represents the member businesses of the individual Chambers of Commerce throughout the Northwest Region and as such, understands and can speak to the direct commercial and business interests of the business and commercial ratepayers in the Northwest Region (population approximately 250,000). Those ratepayers are often dependent on a single industrial employer in a town. The viability of a single industrial plant can be essential to the livelihood of an entire community. Reliability of power supply in the Northwest region specifically, and Ontario more generally, has a direct bearing on that viability.
4. NOACC represents persons with a significant interest in land that is, or may be, affected by the approval of the Reliability Must Run Agreement for the Thunder Bay Generating Station. That interest in very general and indirect terms is related to the economy of the Northwest region as a whole and, in some instances, may be a private interest, but in every case represents an overriding public interest.
5. NOACC has access to the information about, and the analysis of, electrical and power system needs in the Northwest Region that has been developed by the Energy Task Force (ETF). The ETF is an informal regional research committee of interested and experienced individuals who by living and working in the northwest are keenly aware of the geographical and technical issues relating to electricity generation, transmission and distribution in the Northwest Region, including reliability issues.
6. NOACC is keenly aware, therefore, of the geographical, technical and policy issues relating to electricity generation, transmission and distribution in the Northwest Region, including issues faced by its membership in relation to the importance of the Thunder Bay Generating Station on the supply of electricity to the Northwest region and Ontario more generally. As such, NOACC is well suited to provide important and unique perspectives in relation to the Thunder Bay Generating Station and the Reliability Must Run Agreement.

7. There has been continual co-operation by NOACC with the Energy Task Force, to collect relevant information and consult with relevant stakeholders in the Northwest Region, including First Nations, and large and small industry, business consumers.
8. Many issues that the RMR proceeding presents to the Northwest region are technical in nature and therefore only a limited review of literature and research on complex topics such as power reliability and quality has been undertaken. Furthermore, NOACC had to review all documents on the public record, to ensure the interests of NOACC were appropriately communicated to the Board.

Please contact the undersigned or Mr. Mark Mikulasik should further information or clarification regarding this cost claim be required.

Respectfully submitted,

Yours very truly,

WEILER, MALONEY, NELSON

Per:

John A. Cyr,
Counsel in this instance for
NOACC

Encls.

Ontario Energy Board
COST CLAIM FOR HEARINGS

Affidavit and Summary of Fees and Disbursements

This form should be used by a party to a hearing before the Board to identify the fees and disbursements that form the party's cost claim. Paper and electronic copies of this form and itemized receipts must be filed with the Board and served on one or more other parties as directed by the Board in the applicable Board order. Please ensure all required fields are filled in and the Affidavit portion is signed and sworn or affirmed.

Instructions

- Required data input is indicated by yellow-shaded fields. Formulas are present in the document to assist with the calculation of the cost claim.
- All claims must be in Canadian dollars. If applicable, state exchange rate and country of initial currency.
Rate: N/A Country: Canada
- A separate "Detail of Fees and Disbursements Being Claimed" (comprising a "Statement of Fees Being Claimed" and a "Statement of Disbursements Being Claimed") is required for each consultant or lawyer/articling student/paralegal. However, only one "Summary of Fees and Disbursements" covering the whole of the party's cost claim should be provided.
- The cost claim must be supported by a completed Affidavit signed by a representative of the party.
- A CV for each consultant must be attached unless, for a given consultant, a CV has been provided to the Board in another process within the last 24 months.
- **Except as provided in section 7.03 of the Practice Direction on Cost Awards, itemized receipts must be provided.**

Affidavit

I, Mark P. Mikulasik, of the City/Town of Thunder Bay
in the Province/State of Ontario, swear or affirm that:

1. I am a representative of the above-noted party (the "Party") and as such have knowledge of the matters attested to herein.
2. I have examined all of the documentation in support of this cost claim, including the attached "Summary of Fees and Disbursements Being Claimed", "Statement(s) of Fees Being Claimed" and "Statement(s) of Disbursements Being Claimed".
3. The attached "Summary of Fees and Disbursements Being Claimed", "Statement(s) of Fees Being Claimed" and "Statement(s) of Disbursements Being Claimed" include only costs incurred and time spent directly for the purposes of the Party's participation in the Ontario Energy Board process referred to above.
4. This cost claim does not include any costs for work done, or time spent, by a person that is an employee or officer of the Party as described in sections 6.05 and 6.09 of the Board's Practice Direction on Cost Awards.

Signature of Affiant

Sworn or affirmed before me at the City/Town of Thunder Bay,
in the Province/State of Ontario, on August-01-13.
