Every effort has been made to include information on this licence that is accurate as of the date shown.

Please report any inaccuracies to or contact the Petroleum Operations for current licence information.

Joe Van Overberghe

On behalf of the Minister

Note: An oil or gas well licence authorizes the licensee to use the well to produce oil and gas from the subsurface. A well licence does **NOT** authorize the licensee to supply and distribute oil or gas from the wellhead to a consumer to burn as a fuel. For fuel supply and distribution approvals and requirements please contact the Technical Standards and Safety Authority.
