**DECISION AND ORDER**  
**August 8, 2013**

SunE Hwy 2 S LP and SunE Odessa LP each filed an application on June 20, 2013, under section 60 of the *Ontario Energy Board Act, 1998* for electricity generation licences as Feed-in Tariff Program participants. The Board assigned file numbers EB-2013-0243 and EB-2013-0244 to these applications, respectively. Each of the applicants applied for authorization to own and operate a generation facility.

The Board's combined Notice of Application and Written Hearing for the three applications was posted on July 5, 2013. No parties responded to the Notice of Application and Written Hearing.

After considering the applications, it has been found to be in the public interest to issue the electricity generation licences under Part V of the Act.

**IT IS THEREFORE ORDERED THAT:**

The applications for electricity generation licences are granted, on such conditions as are contained in the attached licences.
